

The beautifully citrusy hop forward character of Ithaca Flower Power brewed with the vibrance of Oak and Crow's Ethiopian sourced coffee. Think of Flower Power's punchy pineapple and grapefruit body blended with notes of berries, stone fruit, cocoa, caramel, delicate florals, and juicy sweetness from the coffee. An unusually soothingly, complex pint that brings the coffee house experience to the ale house. Oak and Crow Coffee is a small-batch coffee roaster in Ithaca, New York.
